GENERAL INFORMATION

THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER

The employee is permitted to freely choose his own service provider e.g. doctor, pharmacy, physiotherapist, hospital, etc. and no interference with this privilege is permitted, as long as it is exercised reasonably and without prejudice to the employee or to the Compensation Fund. The only exception to this rule is in case where an employer, with the approval of the Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — section 78 of the Compensation for Occupational Injuries and Diseases Act refers.

In terms of section 42 of the Compensation for Occupational Injuries and Diseases Act, the Compensation Fund may refer an injured employee to a specialist medical practitioner designated by the Director General for a medical examination and report. Special fees are payable when this service is requested.

In terms of section 76,3(b) of the Compensation for Occupational Injuries and Diseases Act, no amount in respect of medical expenses shall be recoverable from the employee.

In the event of a change of medical practitioner attending to a case, the first doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal. **To avoid disputes regarding the payment for services rendered, medical practitioners should refrain from treating an employee already under treatment by another doctor without consulting / informing the first doctor.** As a general rule, changes of doctor are not favoured by the Compensation Fund, unless sufficient reasons exist.

According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a medical service provider should not request the Compensation Fund to authorise such treatment before the claim has been submitted to and accepted by the Compensation Fund. **Pre-authorisation of treatment is not possible and no medical expense will be approved if liability for the claim has not been accepted by the Compensation Fund.**

An employee seeks medical advice at his own risk. If an employee represented to a medical service provider that he is entitled to treatment in terms of the Compensation for Occupational Injuries and Diseases Act, and yet failed to inform the Compensation Commissioner or his employer of any possible grounds for a claim, the Compensation Fund cannot accept responsibility for medical expenses incurred. The Compensation Commissioner could also have reasons not to accept a claim lodged against the Compensation Fund. In such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.

Please note that from 1 January 2004 a certified copy of an employee's identity document will be required in order for a claim to be registered with the Compensation Fund. If a copy of the identity document is not submitted the claim will not be registered but will be returned to the employer for attachment of a certified copy of the employee's identity document. Furthermore, all supporting documentation submitted to the Compensation Fund must reflect the identity number of the employee. If the identity number is not included such documents can not be processed but will be returned to the sender to add the ID number.

The tariff amounts published in the tariff guides to medical services rendered in terms of the Compensation for Occupational Injuries and Diseases Act do not include VAT. All accounts for services rendered will be assessed without VAT. Only if it is indicated that the service provider is registered as a VAT vendor and a VAT registration number is provided, will VAT be calculated and added to the payment, without being rounded off.

The only exception is the "per diem" tariffs for Private Hospitals that already include VAT.

Please note that there are VAT exempted codes in the private ambulance tariff structure.

CLAIMS WITH THE COMPENSATION FUND ARE PROCESSED AS FOLLOWS

1. New claims are registered by the Employers and the Compensation Fund and the **employer views the claim number allocated online.** The allocation of a claim number by the Compensation Fund, does not constitute acceptance of liability for a claim, but means that the injury on duty has been reported to and registered by the Compensation Commissioner. Enquiries regarding claim numbers should be directed to the employer and not to the Compensation Fund. The employer will be in the position to provide the claim number for the employee as well as indicate whether the claim has been accepted by the Compensation Fund

2. If a claim is **accepted** as a COIDA claim, **reasonable medical expenses** will be paid by the Compensation Commissioner.

3. If a claim is **rejected (repudiated)**, medical expenses for services rendered will not be paid by the Compensation Commissioner. The employer and the employee will be informed of this decision and the injured employee will be liable for payment.

4. If **no decision** can be made regarding acceptance of a claim due to inadequate information, the outstanding information will be requested and upon receipt, the claim will again be adjudicated on. Depending on the outcome, the accounts from the service provider will be dealt with as set out in 2 and 3. Please note that there are claims on which a decision might never be taken due to lack of forthcoming information.

ORTHOTIC & PROSTHETIC SUPPLY PROTOCOL

COMPENSATION FOR OCCUPATIONAL INJURIES AND DISEASES ACT, 1993

Section 73 **Medical expenses** (1) The Director-General or the employer individually liable or mutual association concerned, as the case may be, shall for a period of not more than two years from the date of an accident or the commencement of a disease referred to in section 65(1) pay the reasonable cost incurred by or on behalf of an employee in respect of medical aid necessitated by such accident or disease.

(2) If, in the opinion of the Director-General, further medical aid in addition to that referred to in subsection (1) will reduce the disablement from which the employee is suffering, he may pay the cost incurred in respect of such further aid or direct the employer individually liable or the mutual association concerned, as the case may be, to pay it.

Section 42 **Employee to submit to medical examination** (1) An employee who claims compensation or to whom compensation has been paid or is payable shall when so required by the Director-General or the employer individually liable or mutual association concerned, as the case may be, after reasonable notice, submit himself at the time and place mentioned in the notice to an examination by the medical practitioner designated by the Director-general or the employer individually liable or mutual association concerned.

1.1 Each orthotic and prosthetic service provider should ensure that the service he / she provides is compatible with the general procurement guidelines issued by National Treasury.

1.2 The Compensation Fund will bear the reasonable cost for the issue of orthotic and prosthetic devices after an accident, provided that liability for the claim has been accepted and the service is prescribed by a medical practitioner and the prescribed guidelines are followed.

1.3 The published policy on the supply of orthotic and prosthetic devices and the tariff of fees will serve as a guideline to determine if any proposed service is reasonable and it will replace all existing tariff structures.

1.4 Pre-authorization by the Compensation Fund is required in all claims, even if the devices supplied are listed in the Government Gazette. It is the responsibility of the service provider to ensure that liability for the claim has been accepted by the Compensation Fund and that the service is reasonable and in line with the published policy and tariff. Amputees must be fitted with a prosthesis which is suitable for their environment and activity / load level.

1.5 Replacement of consumable items, refits and repairs must be motivated by the prosthetist and the medical practitioner. Requests must be reasonable and in line with the published policy and tariff.

1.6 The employee, assisted by a medical practitioner should complete the appropriate form when requesting replacement, re-fit or repair of any prosthetic / orthotic device. **See Section 2 – Request For Prosthesis Services**

1.7 The request for new equipment must be accompanied by a written report by the prosthetic practitioner indicating that the employee's functional level has been re-evaluated to take into account any physical or environmental changes encountered by the employee. **See Sections 7 and 8 - Amputee Activity / Load Level Assessment Form**

1.8 In exceptional circumstances, if the employment status and / or the functional level of an employee radically changes before a new prosthesis is due, a new prosthesis more suitable to the employment conditions will be considered by the Compensation Fund.

1.9 If an employee's employment status / functional level changes and a prosthesis in a higher category is requested, such higher functional level must be confirmed by the employer and a rehabilitation team comprising a medical practitioner, the prosthetist, a physiotherapist and / or an occupational therapist.

1.10 The service provider must obtain written authorisation for all quotation of prosthesis, refits, consumables and repairs. Accounts will not be payable for all quotation of prosthesis supplied without pre-authorisation for first amputees or any other prosthesis supplied to the employee.

1.11 The Compensation Fund will bear the reasonable cost of repairs to a prosthesis which has suffered from "fair" wear and tear after at least two years of normal use.

1.12 The Compensation Fund will not bear the cost of a prosthesis which is lost, broken, worn out or is otherwise unserviceable as a consequence of an employee's neglect or abuse.

1.13 The Commissioner will pay for the re-fit of the prosthesis strictly only where motivated and justifiable by the circumstances. **See Section 4 - Guidelines for Refit**

1.14 Replacement of some parts of a prosthesis (straps, socks, suspension sleeves etc) that may perish or become consumed through reasonable usage be will paid for by the Compensation Fund in line with the policy guidelines. **See Section 3 - Replacement Period Table**.

1.15 The Compensation Fund reserves the right in terms of section 42 of the act to call for a second or independent opinion or evaluation of proposed orthotic / prosthetic services.

1.16 Any such report obtained by the Compensation Fund shall state whether the proposed orthotic / prosthetic service is appropriate for the diagnosis, functional level and environmental circumstances of the patient. The Compensation Fund reserves the right to use the information so obtained at his discretion and as is deemed appropriate.

1.17 **The Commissioner is further entitled, pursuant to a complaint by the employee, to call for an independent report concerning any orthotic / prosthetic services that have been rendered. The Orthotists / prosthetist should strive to take all reasonable steps to attend to the legitimate complaints of an employee regarding services or assistive devices supplied. If it is found that defective or unsuitable devices have been supplied to an employee the Orthotists / prosthetist shall replace / repair / alter such devices at no additional cost to the Compensation Fund or the employee. The Compensation Fund reserves the right to decide on whether to maintain the said service provider on their data base of service providers or not.**

1.18 The orthotic and / or prosthetic devices paid for by the Compensation Fund remains the property of the Compensation Fund. When an employee demises such devices should be returned to the Compensation Fund.

1.19 Each orthotic and prosthetic service provider should supply the fund with the quotation in order for the fund to verify that the right items ordered and supplied to the employee are correct.

1.20 Each orthotic and prosthetic service provider should supply the fund with the rehabilitation report for all new amputees after fitting and supplying of a new prosthesis.

1.21 Orthotists/prosthetist and other service providers are required to quote a similar or better component using the same code.

1.22 Orthotists/prosthetist and other service providers should declare the use of the component and how it will benefit the employee

1.23 The Compensation Fund retains the right to verify the product supplied to the employee should a need arise

2. Request for Orthotic / Prosthetic Services

The following details must accompany the request for prosthetic services:

2.1 Employee detail form **See Section 6**

4. Guidelines for Refit

This guideline covers prostheses that require refit of the socket after the initial issue. A full motivation with a report indicating the following details must be submitted:

4.1 Date of amputation

4.2 Date when the present prosthesis was fitted

4.3 Description of the prosthesis

4.4 Residual limb measurements when prosthesis was fitted

4.5 Symptoms indicating loss of fit

4.6 Diagnosis of loss of fit

4.7 Current residual limb measurements.

4.8 Number and thickness of prosthetic socks and worn by employee

4.9 Condition of prosthesis

4.10 The employee's current activity level

4.11 An opinion as to the suitability of the specific prosthesis for the employee

5. Functional Level

A determination of the medical necessity for certain components / additions to a prosthesis is based on the potential functional ability of the employee. Potential functional ability is defined as the reasonable expectation of the rehabilitation team including a medical practitioner, the prosthetist, a physiotherapist and / or an occupational therapist and the employee based on

- past history including prosthetic use
- current condition including the status of the residual limb and other medical factors
- employment status
- desire to ambulate

The clinical assessment of the employee's rehabilitation potential should be based on the following classification levels:

LEVEL 0:

Does not have the ability or potential ability to ambulate or transfer safely with or without assistance and a prosthesis will not enhance the mobility or quality of life

No prosthesis is recommended for amputees in this category.

LEVEL 1:

Has the ability or potential ability to use a prosthesis for transfers or ambulation on level surfaces at a fixed cadence – typically the limited and unlimited household ambulator

CATEGORY 1 components / prosthetics are recommended at this level. Amputees typically require significant stance phase security and minimal swing phase control.

LEVEL 2:

Has the ability or potential ability for ambulation and to traverse low level environmental barriers such as curbs, stairs and uneven surfaces – typically the limited community ambulator.

CATEGORY 2 components / prosthetics are recommended at this level. Amputees typically require moderate stance phase security and moderate swing phase control.

LEVEL 3:

Has the ability or potential ability for ambulation with variable cadence – typically the community ambulator that traverses most environmental barriers with vocational,

therapeutic or exercise activity that demands prosthetic utilization beyond simple locomotion

CATEGORY 3 components / prosthetics are recommended at this level. Amputees typically require minimal stance phase security and maximal swing phase control.

LEVEL 4:

Has the ability or potential ability for prosthetic ambulation that exceeds basic ambulation skills exhibiting high impact, stress or energy levels. Daily activities require rigorous and repeated actions of high impact or stress such as lifting, jumping, climbing and walking long distances – typically the active adult ambulator.

In addition to CATEGORY 3 components, the employee requires components that will stand up to daily repeated high load and stress levels. Amputees typically require minimal stance phase security and maximal swing phase control.

UNLESS OTHERWISE STATED IN WRITING BY THE COMPENSATION FUND EMPLOYEES REQUIRING THIS LEVEL OF ORTHOTIC DEVICES SHALL BE GAINFULLY EMPLOYED.

6. This form must be completed by the employee when orthotic / prosthetic services are requested.
